

CIA Subcommittee of Senate Armed Services and Appropriations Committees

19 May 1964

Present: Russell, Saltenstall, Hayden, Stennis, Young

"As to the guerrilla action in North Vietnam, it was pointed out the Agency during the last two years had sent in 39 teams and had lost all but seven. As of the first of the year, the military has taken over this operation and they had found that this was extremely difficult and no teams have been dispatched since the first of the year. The Director said he was not optimistic about this approach being productive."
